

Step 2 - Installing the Software

You will now have one file and two folders.

Please note: You may need to "Un-Zip" both the Gallery {SMART Essentials for Educators} and The Lesson Activity Tool Kit before proceeding.

Lesson Activity
Toolkit

SMART Essentials
for Educators

Step 2 - Installing the Software

Double Click to start the install process on the file first.

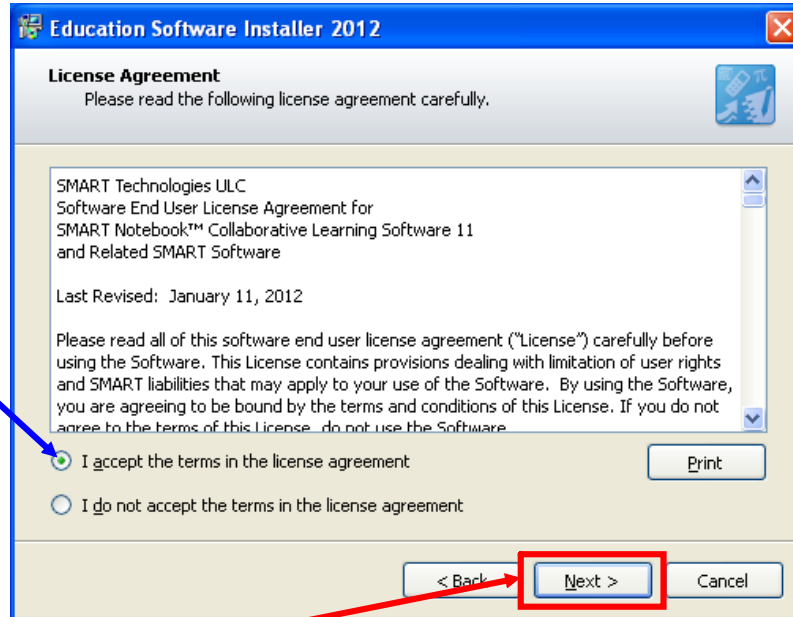

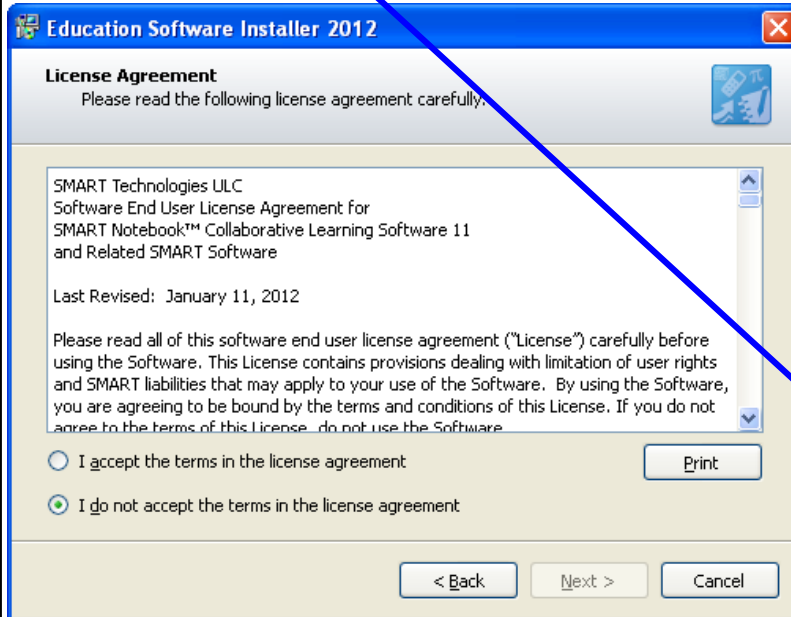

Click **Next**.

Step 2 - Installing the Software

Accept the terms in the license agreement.

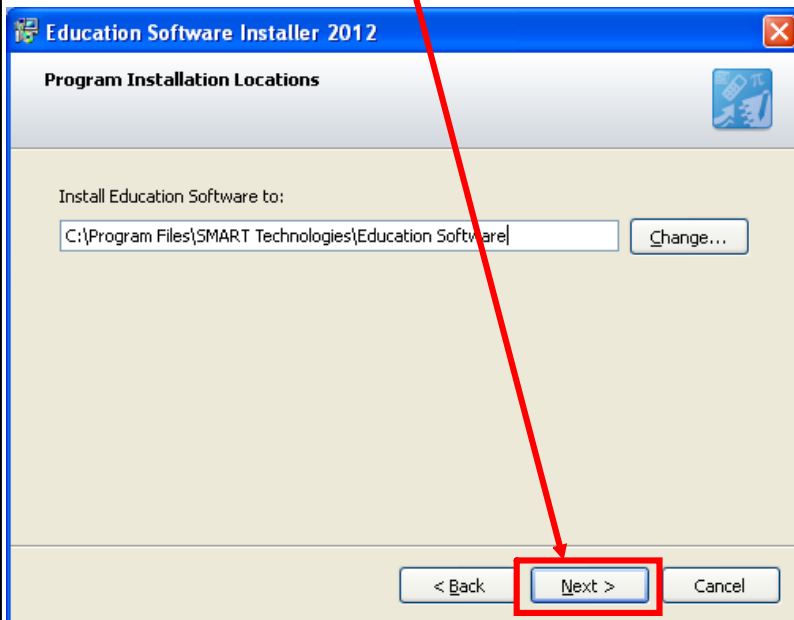

Click **Next**.

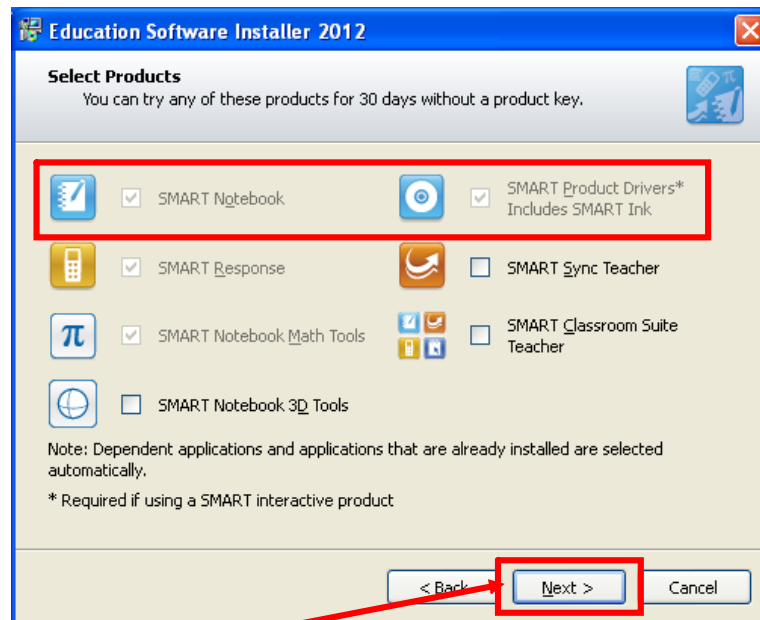

Step 2 - Installing the Software

Click **Next**.

Select the **Box** for "SMART Notebook".
 This should also automatically select the
 "SMART Product Drivers*..." Box as well.

Click **Next**.

Please note: You should only select the other product Boxes (above) if your school system has already purchased the appropriate and corresponding hardware/software. If the school system has not, it is recommended to leave the extra Boxes unchecked.

Step 2 - Installing the Software

Click **Next**.

Un-Check the box.

Un-Check the box.

Education Software Installer 2012

Select Startup Option(s)
Select which features will start when Windows operating system starts:

- SMART Board Tools
- SMART Response Desktop Menu
- SMART Vantage services

Education Software Installer 2012

Additional Settings

- Make SMART Ink Document Viewer the default PDF viewer

Education Software Installer 2012

Customer Experience Program
Invitation to join the SMART Customer Experience Program

SMART Technologies invites you to join our Customer Experience Program to help with the ongoing refinement of our software.

If you accept, SMART will collect anonymous information from all users of this device about the computing environment in which it is operated as well as the frequency with which its features are used.

Participating in the program will not affect the operation of this device in any way. Your selection will apply to all subsequent users of this device until a user changes the selection by turning on or turning off the Customer Experience Program at any time through the Help menu.

- Enable the Customer Experience Program on all devices

Click **Next**.

Click **Next**.

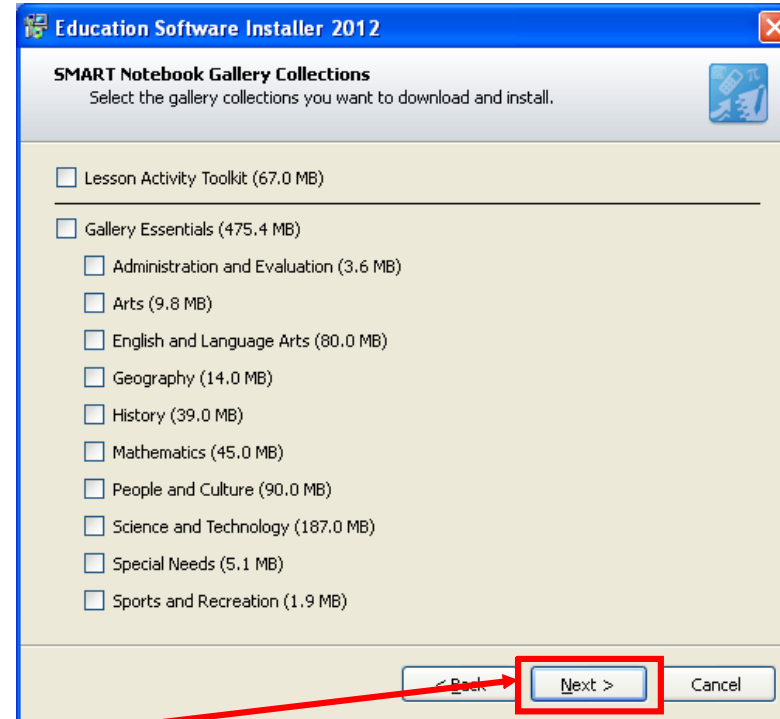

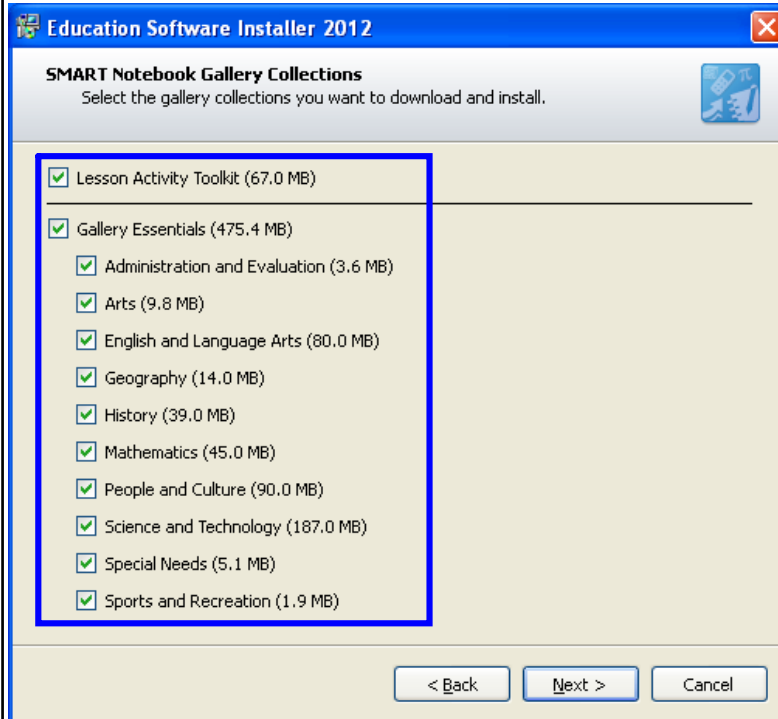

*Please note: It is recommended that the following are all **Un-Selected {Un-Checked}** ...*

- "SMART Vantage service"*
- "Make SMART Ink Document Viewer the default PDF viewer"*
- "Enable the Customer Experience Program on all devices"*

Step 2 - Installing the Software

Un-Check all the boxes here. This is not needed as we will install both separate to save time during the install process.

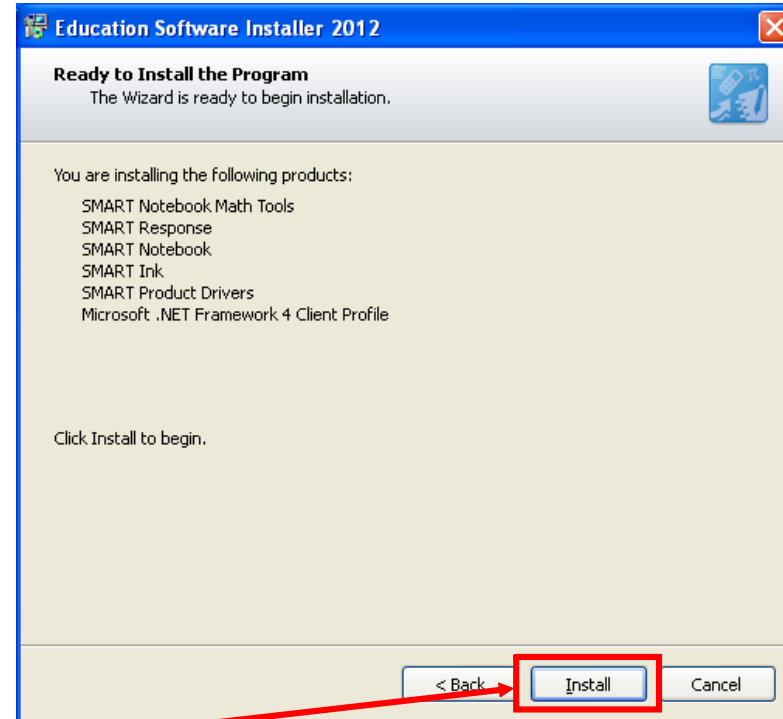

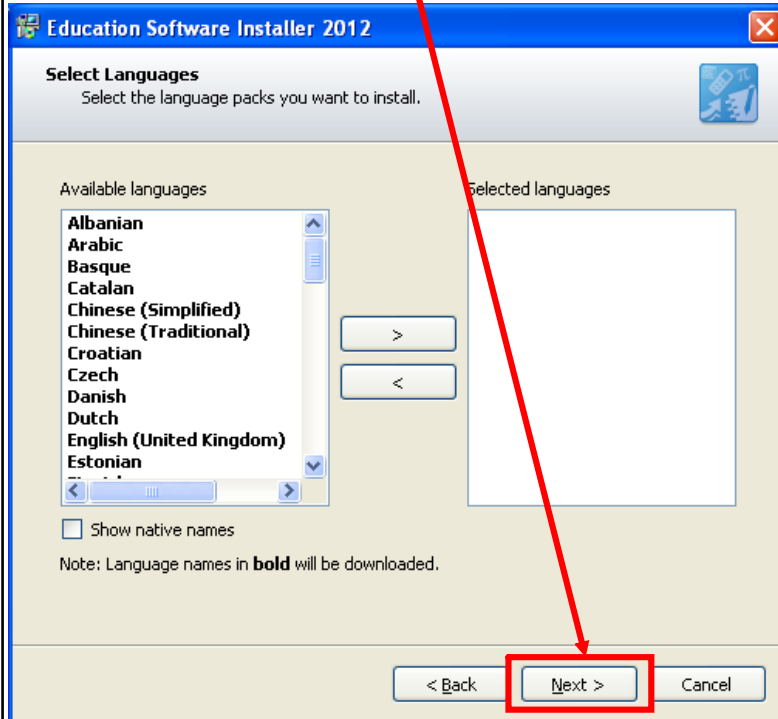

Click **Next**.

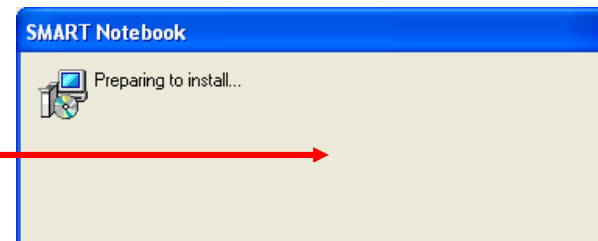

Step 2 - Installing the Software

Click **Next**.

Click **Install**.

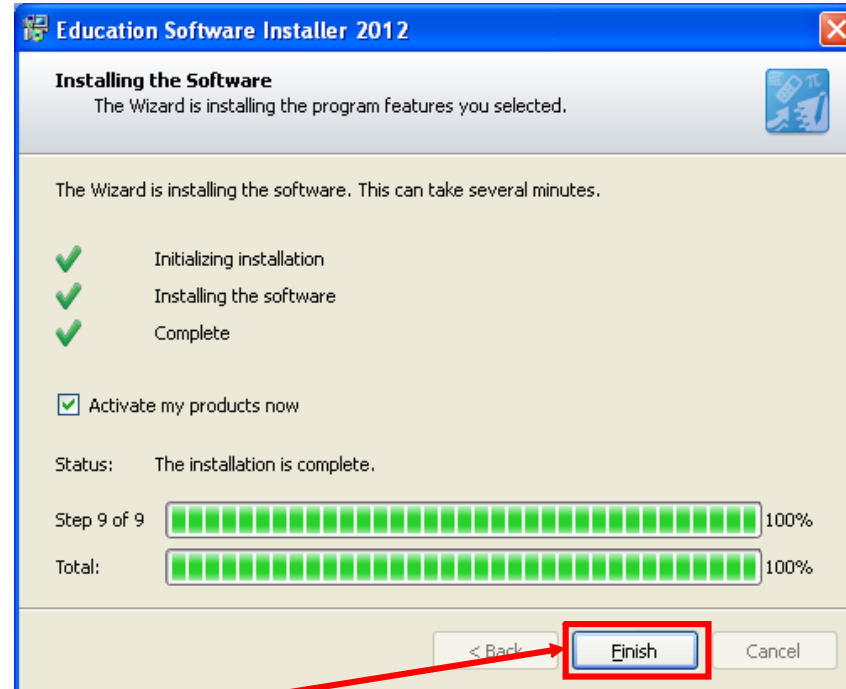

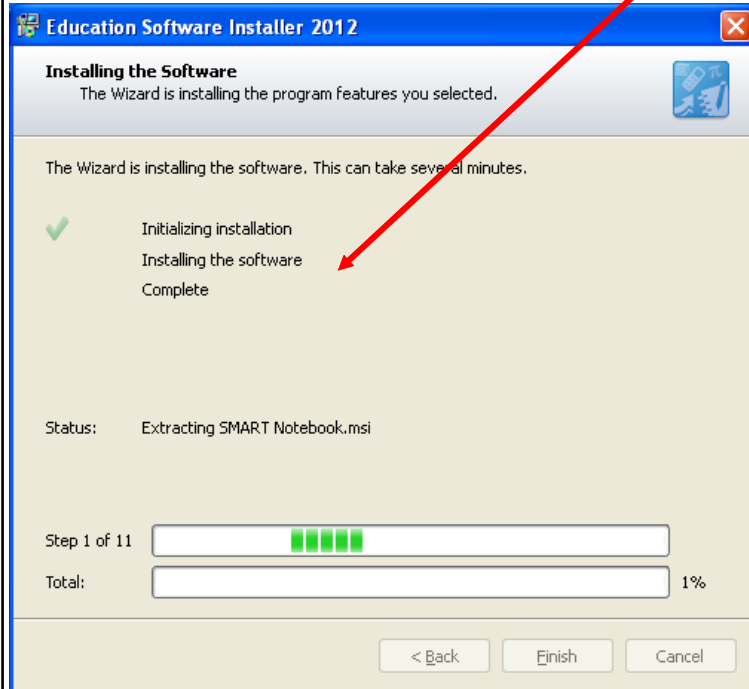

The installation process will begin.

Step 2 - Installing the Software

During the installation process you should be able to monitor the progress.

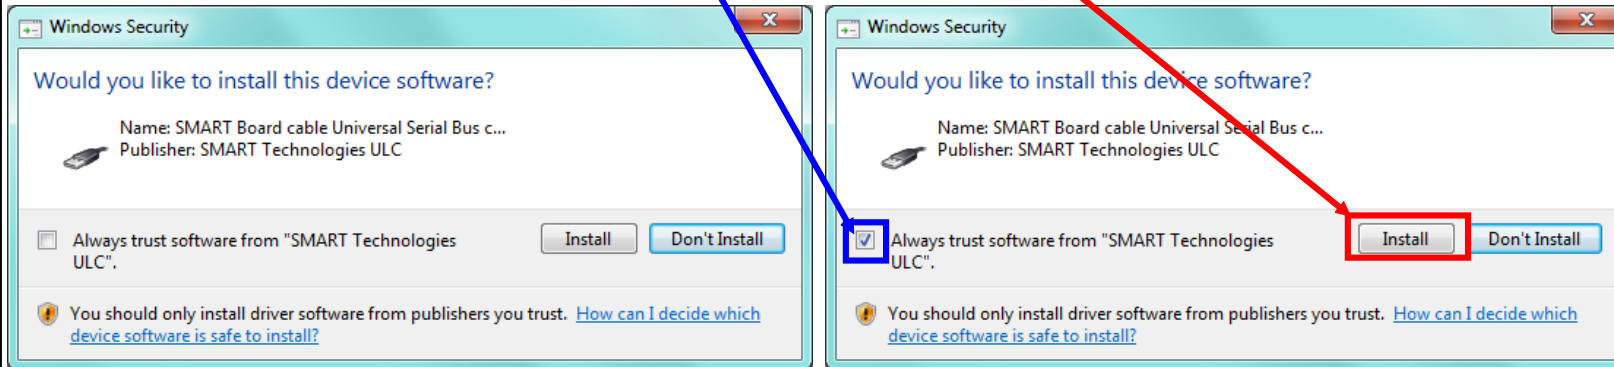

Click **Finish**.

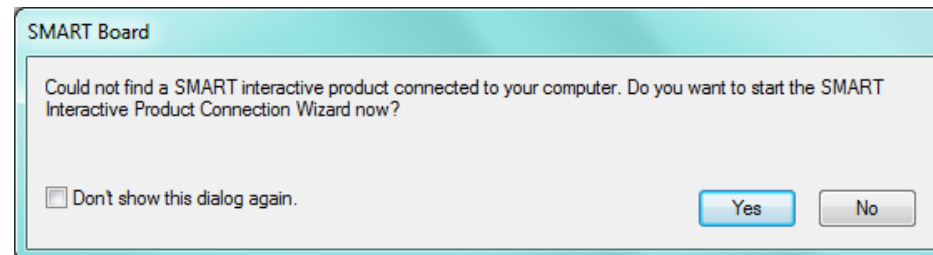

Step 2 - Installing the Software

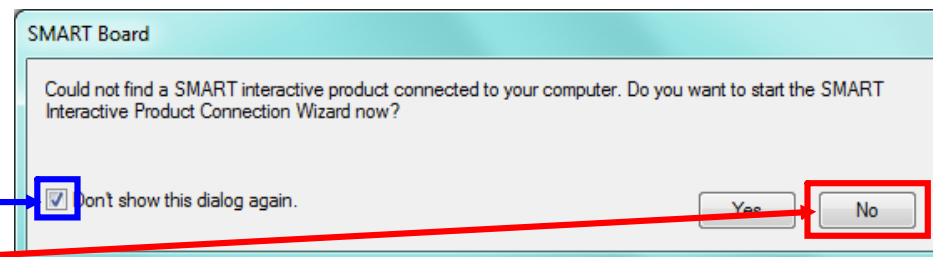

If at any time the following message appears during the install, check the **Box** and Click **Install**.

At the end of the install, the following message will appear.

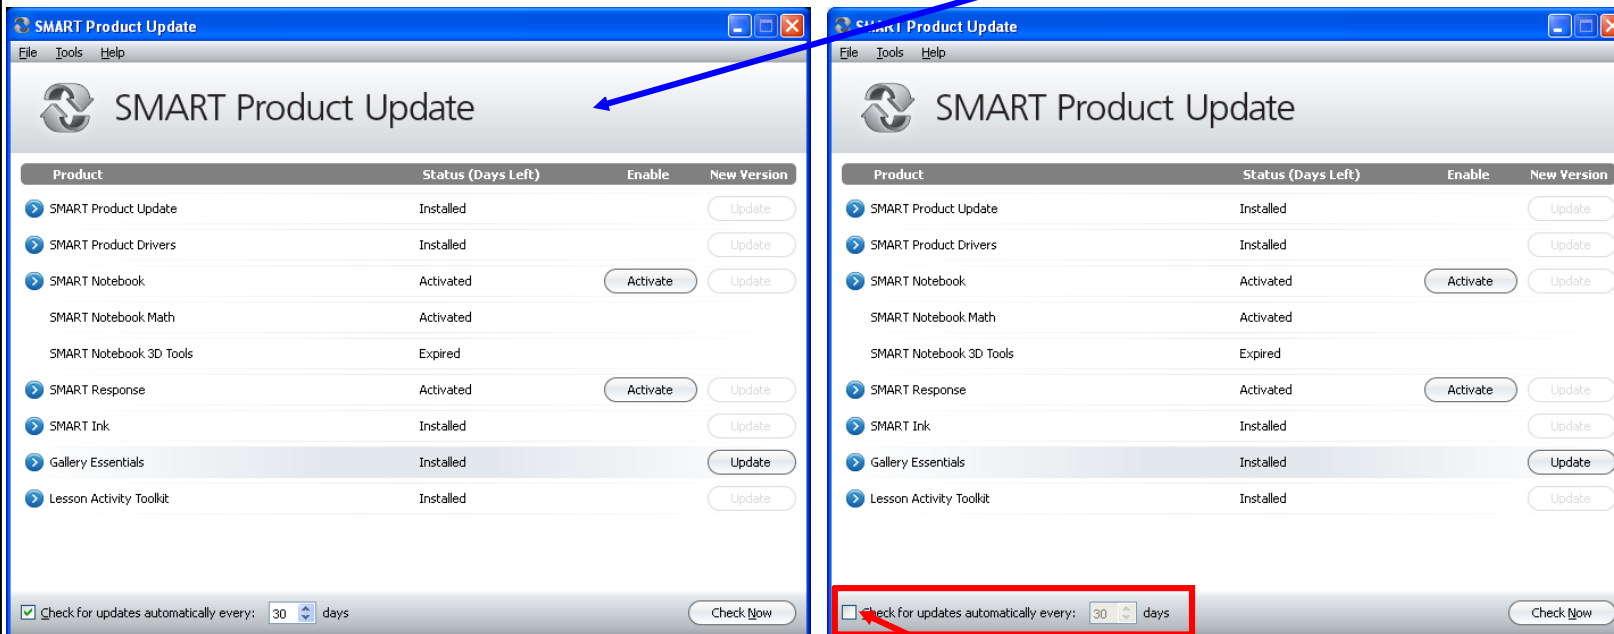

Check the **Box** on, and then Click **No**.

Step 2 - Installing the Software

Additionally, after the software has installed, a 'SMART Product Update' application will activate.

It is recommended that this feature be turned off. **Un-Check** the Box.

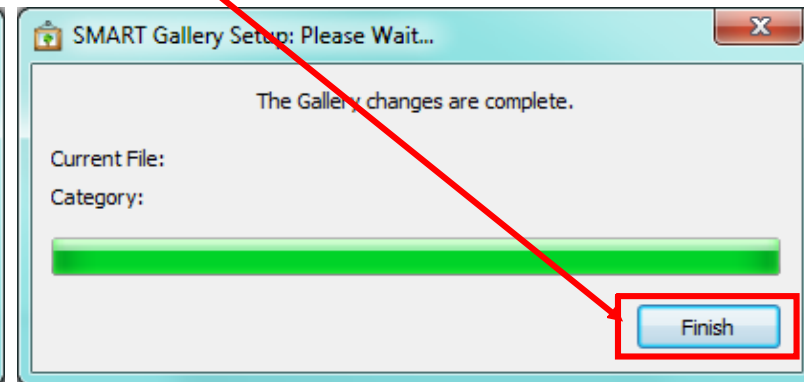

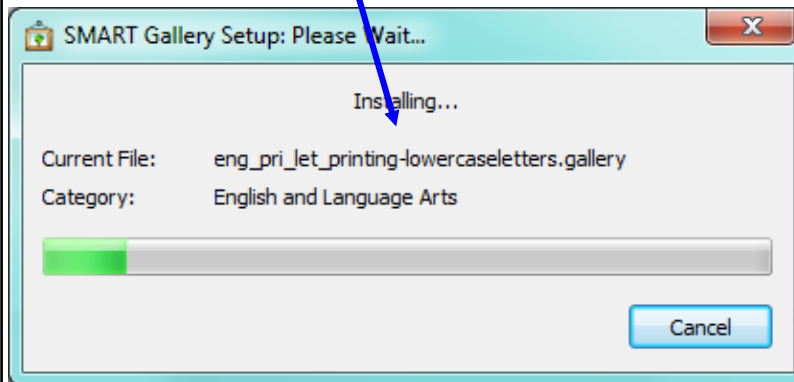

For updating the software, it is recommended that this process (*Downloading the newest version of the software directly from SMART's Website, and installing*) be repeated.

Additionally, the following pages (*Installing the Gallery and the Lesson Activity Toolkit*) would not need to be repeated, if you are updating the software on a computer that already has SMART Notebook™.

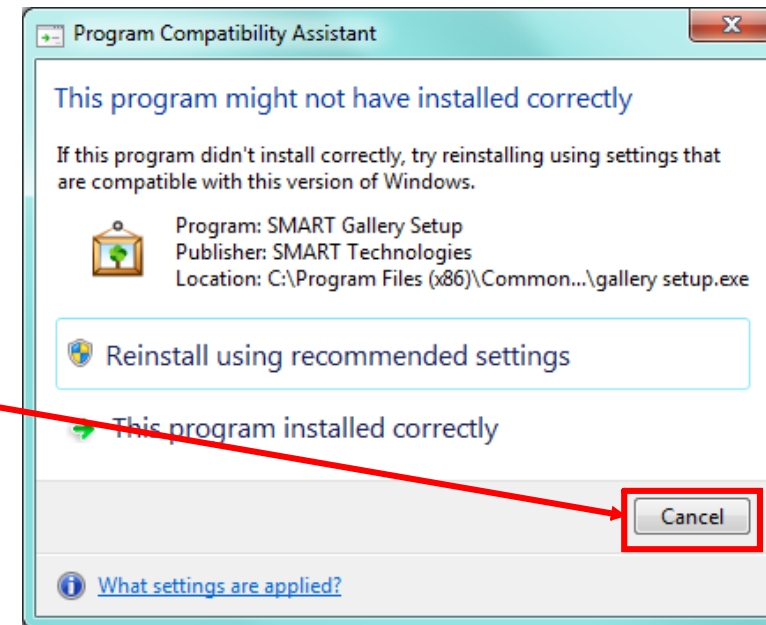

Step 2 - Installing the Software

The install should finish quickly. Click **Finish** when complete.

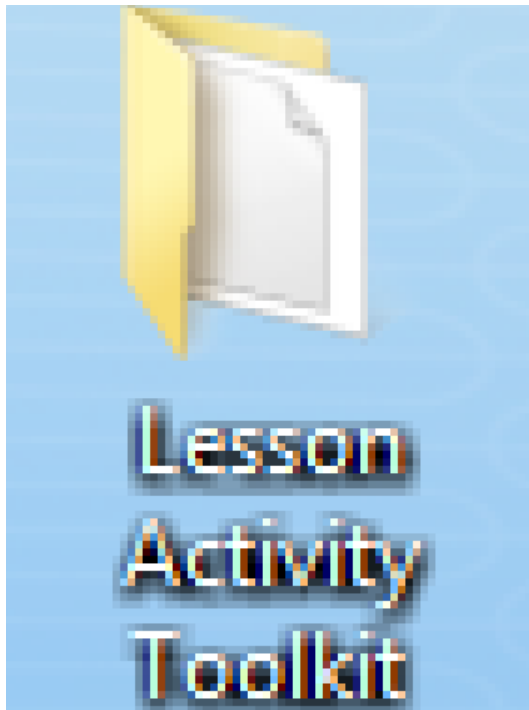

If at any time you see the following message Click **Cancel**.

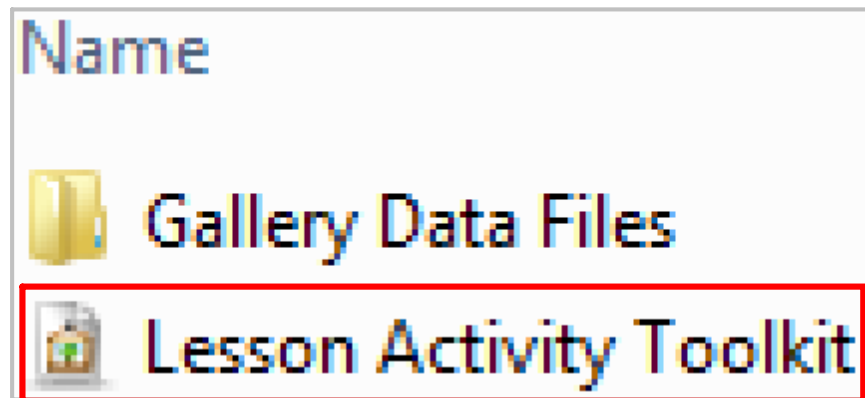

Step 2 - Installing the Software

Repeat the same process from the SMART Essentials for Educators, but now for the Lesson Activity Tool Kit.

Return to the desktop and open the Lesson Activity Tool Kit Folder.
Please note: This folder from the Internet may need to be Un-Ziped first before this process can begin.

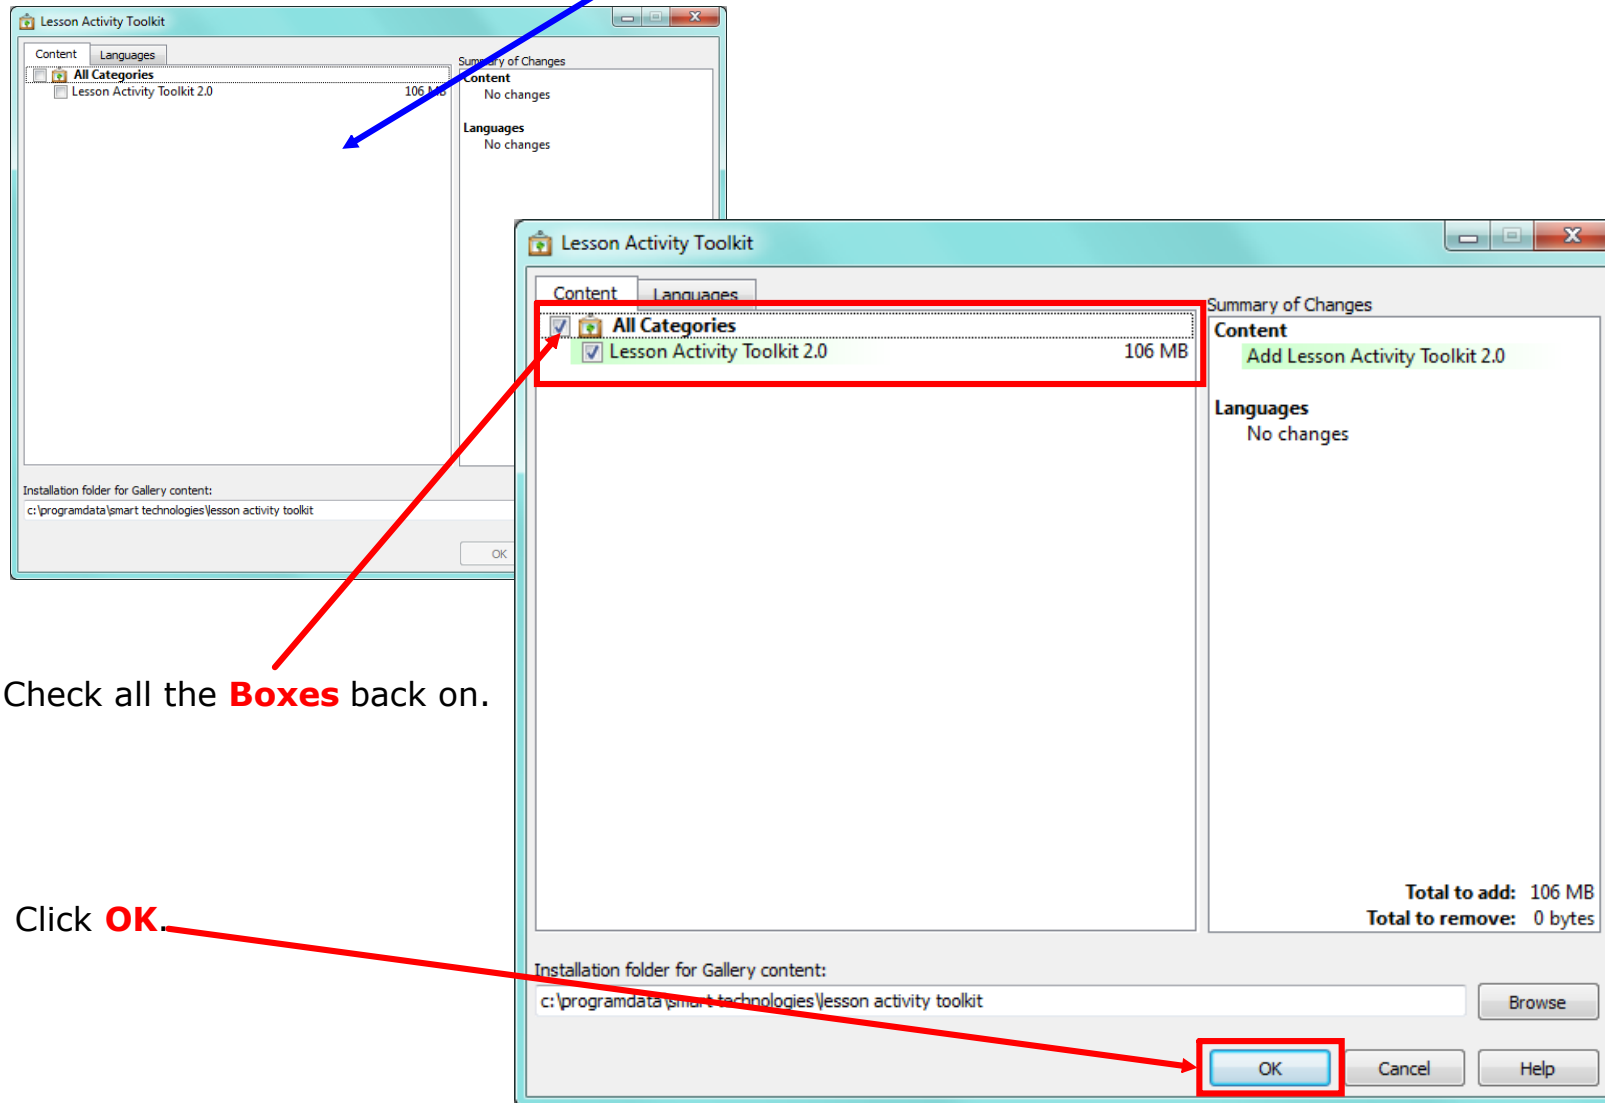

There should be a Folder and a File only inside the SMART Essentials for Educators folder.

Double Click the file **Lesson Activity Toolkit**.

Step 2 - Installing the Software

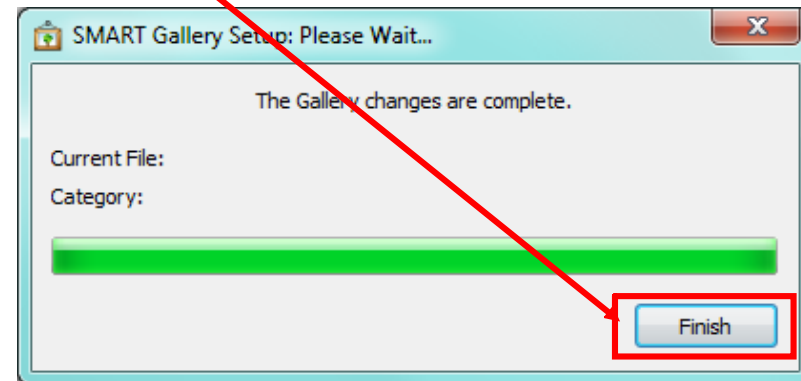

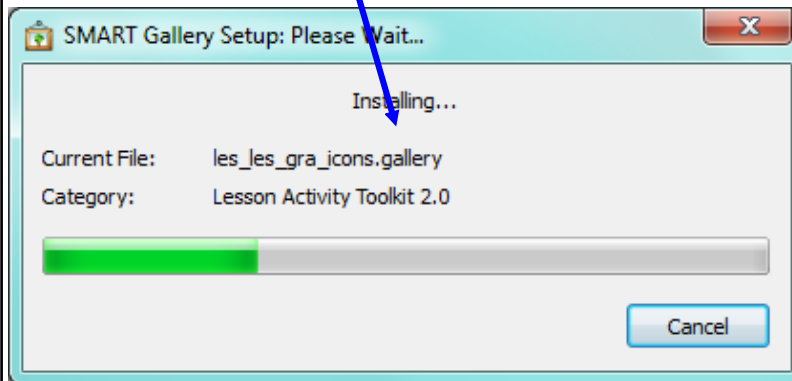

After a moment the following will appear.

Step 2 - Installing the Software

The install should finish quickly. Click **Finish** when complete.

If at any time you see the following message Click **Cancel**.
